TALENTS

- I'm a highly conceptual and creative designer, with a big picture approach toward problem solving. I am adaptable and determined for the task.
- I am naturally curious, and enjoy research and exploration around any topic. I quickly learn and master new skills.
- I have high standards for meticulous craft and attention to detail. Efficiency is essential.
- I'm a strong listener and communicator, with an empathetic and inclusive approach as a team player. I value diversity.
- I practice honesty and integrity in all aspects of my life.
- I understand the importance of having work/life balance, and it's affects on health, performance, and well-being.
